About the program – Carolyn Devane has been teaching ACT classes and helping thousands of students improve their scores since 1999. Here's what students are saying:

"I took the class a week before the April ACT, and it improved my composite score by 3 points to a 30. I brought my English score from a 24 to a 31 and my Science from a 25 to a 31. The class really helped me with strategies."  
--**Bobby, Eudora High School (May 2018)**

"I heard a lot about the class from my brother and, while it helped him raise his composite score by four points, I was a bit skeptical that one class could make such a difference. I was wrong! My composite score rose four points as well, and my science score went from a 22 to a 31 on the test right after I took the class! I am grateful that I was able to raise my score, allowing me to qualify for thousands more dollars in scholarships, and I credit all of this to the great class. Thank you!"  
— **Ben, Abilene High School (June 2017)**

"Thank you so much for coming to Sabetha High School. I took the December ACT, hoping for a 29 or 30. The previous test I had gotten a 27. When I got my score back, I had gotten a 32!! A five point increase!! Thank you for showing us testing skills and strategies; it helped a lot!"  
— **Anonymous Student, Sabetha High School (December 2016)**

"I took the ACT in April and wanted to improve my score. Then I took the ACT Power Prep Class in May and also did the timed practice tests at home to help prepare. On the June ACT, my overall score went up 5 points and my science score went from a 24 to a 36! This class was the key! I truly learned the strategies needed to improve my score. Thanks for a great class."  
--**Jared, Thomas More Prep - Marian High School (June 2015)**

"I'm so glad I took this course. The strategies I learned in the class helped me to use my time during the test more efficiently. My overall score improved by 5 points with my science category showing an 11 point increase! It's definitely worth your time."  
---**Anthony, Junction City High School (Feb. 2015)**

"I relied on the strategies taught in this prep class to raise my score because I didn't have a lot of time to study the material that would be on the test. My composite score raised 3 points and my science score raised 8 points alone. I now have the ACT score that I need to receive a much larger scholarship. Carolyn is the real MVP!"  
-- **Hannah, Salina South High School (April 2015)**
